

The package contains the following items:

- WEPN Device
- Power Adapter
- Interchangeable Plug Heads
- Ethernet Network Cable

1

Install WEPN application from App Store or Google Play

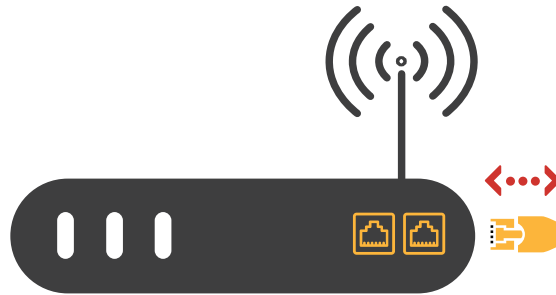

2

Sign up for a new account on the app and log in

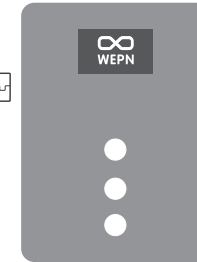

3

Insert one end of the Ethernet cable into your Internet router's Ethernet port

4

Insert micro USB cable

5

Insert the other end of the Ethernet cable into the WEPN device

6

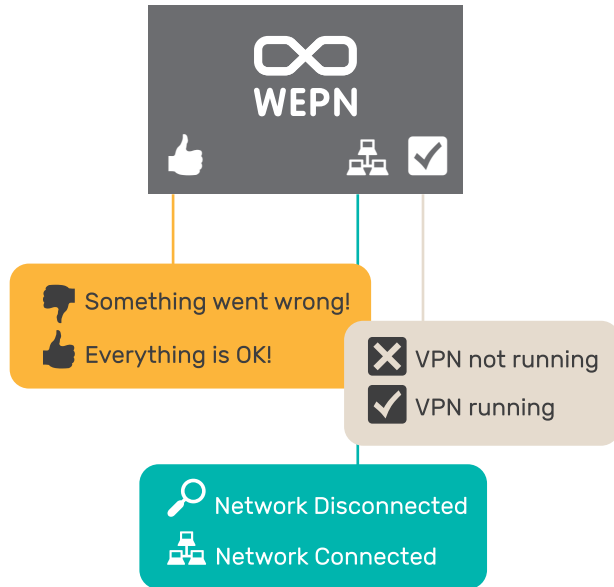

Attach the right plughead based on your regional standard & plug power adapter into an AC outlet.

7

Wait for 30 seconds until your WEPN device boots up and WEPN logo is visible on the display.

The following icons on the display indicate various device and service states.

8

How to register your device inside the app ?

go to Menu > Devices. Tap on the + icon on the top right corner. Then enter the device key shown on the display & the serial number from the sticker under the device to finish registration.
